

Naples Fort Myers Lakeland

Overview

At RWA, we draw upon our depth of expertise to provide solutions aimed at creating optimal value for our clients. Our staff members comprise a dynamic group of professionals on a constant mission to achieve performance excellence and client satisfaction. Their work ethic, dedication and tireless effort to reach this goal have helped to strengthen the principals' talents and capabilities.

Founded in 1997, RWA has become one of the most respected professional consulting firms in Southwest Florida. By building on the strength of our relationships, we have established long-standing ties with clients, employees and consulting partners.

As an extremely motivated, highly skilled group of professionals, RWA's management group, combined, has more than 100 years of experience working on many major public infrastructure projects, as well as some of the largest private land developments in the region.

Our team's shared passion to enhance the living and working environment of Southwest Florida is based upon the notion that social, built and natural environments form an indivisible whole that must be addressed with knowledge and respect. Through this understanding, we can see beyond the ordinary to create the exceptional.

RWA delivers business solutions aimed at creating optimal value for our clients. Our expertise and professional approach have contributed to our long-term client relationships and much-valued repeat business.
