**Growing our  
Technology Economy**

### MISSION STATEMENT

**To Catalyze, Cultivate and Connect  
high-tech businesses throughout  
Southwest Florida.**

**[www.SWFRTP.org](http://www.SWFRTP.org)**

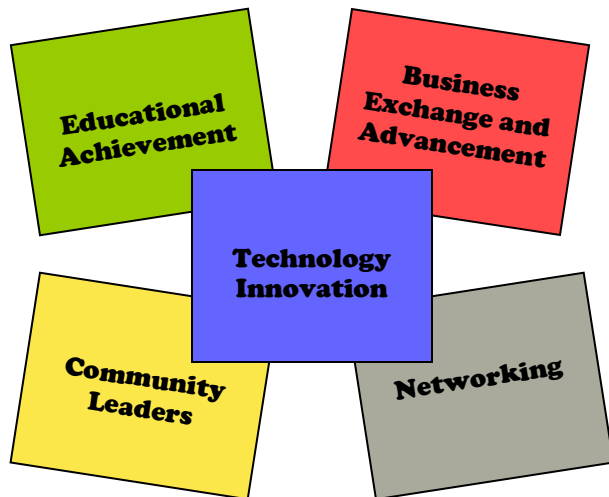

## What is SWFRTP?

**The Southwest Florida Regional Technology Partnership** (SWFRTP) is a newly formed industry-led business organization with a goal to grow and enhance technology in Southwest Florida.

SWFRTP is here to help facilitate networking, promote local technology successes and make a difference in Southwest Florida's regional economy.

Technology leaders are able to connect with each other and all other groups, building and promoting the technology economy.

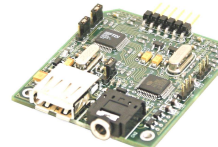

## Mission Statement

**Our mission is to catalyze, cultivate and connect high-tech businesses throughout Southwest Florida.**

**Catalyze** by introducing innovative high tech companies with early-stage capital, partnership opportunities with the local high tech community and the service providers whom serve our industry.

**Cultivate** by offering educational programs for our members, uniting as one voice on important governmental affairs that affect our industry, and recognize our regional leaders with our annual awards program.

**Connect** by holding events that are meaningful to our members and prospective members, promote our region's success stories and support initiatives that advance our mission.
